Profile

Flutter Developer

A dedicated Flutter Developer with experience in mobile app development, UI/UX design, and Firebase database management. Skilled in Dart programming and cross-platform app development, focused on creating responsive, user-friendly apps. Interested in graphic design roles, with expertise in motion graphics, UI design, and digital content creation. Passionate about staying updated with industry trends to enhance development and design processes, while delivering high-quality apps that drive user engagement.

Work Experience

2023 – 2024
India

Flutter Development Intern | Suffix E Solutions

- Developed and maintained high-quality mobile apps using Flutter, Dart, and Firebase for multiple client projects.
- Collaborated with cross-functional teams, following Agile practices to design and deploy mobile applications.
- Integrated Firebase Authentication, Firestore, and Cloud Storage for secure data storage and app functionality.
- Participated in code reviews, ensuring adherence to coding standards and best practices.
- Contributed to scalable back-end solutions with Firebase to enhance app performance and data handling.
- Conducted debugging and performance optimization to improve app functionality and user experience.

2022 – 2023
India

Graphic Designer | English Cafe

- Designed engaging graphics for digital and print media, boosting brand visibility and audience reach.
- Created custom UI/UX designs for mobile apps, improving user interactions and satisfaction.
- Developed motion graphics for marketing campaigns, driving customer engagement.
- Collaborated with clients to align design concepts with their needs, enhancing brand identity.
- Managed end-to-end design projects, ensuring timely delivery and quality standards.
- Conducted market research and competitor analysis to integrate innovative design trends.

Education

- **Bachelor of Sociology** (Online) – Ongoing
- **Diploma in Web and Graphic Designing** | Oxudu Tech School, Malappuram | 2023
- **Diploma in Mechanical Engineering** | Orphanage Polytechnic College, Malappuram, 2020–2022
- Higher Secondary | National Institute of Open Schooling | 2022

Key Competencies and Skills

- **Mobile App Development:** Expertise in **Flutter** and **Dart** for building high-performance mobile applications across Android and iOS.
- **Back-End Integration:** Skilled in **Firebase** for real-time database management, authentication, and cloud storage.
- **UI/UX Design:** Strong background in creating user-centric designs using **Figma**, **Adobe XD**, and **Photoshop**, focusing on intuitive and engaging interfaces.
- **Version Control:** Proficient in **Git** and **GitHub** for efficient version control and team collaboration.
- **Cross-Platform Development:** Able to design responsive apps ensuring seamless performance across multiple devices.
- **API Integration:** Experience in integrating **RESTful APIs** and third-party services to enhance app functionality.
- **Graphic Design:** Interested in pursuing **graphic design** roles, with proficiency in **motion graphics**, **UI design**, and **digital content creation**.

Technical Skills

- **Front-End Development:** Flutter, Dart
- **Back-End Development:** Firebase (Authentication, Cloud Firestore, Realtime Database)
- **Version Control:** Git, GitHub
- **UI/UX Design:** Figma, Adobe XD, Photoshop, Illustrator
- **Graphic Design:** Motion Graphics, UI Design, Typography

Certifications

- **Flutter Development** | Scope India, 2023
- **Web and Graphic Design** | Oxudu Tech School, 2022

Projects

- **Scope India Educational App:** A feature-rich educational application designed to enhance the learning experience. Developed using **Flutter** and **Firebase** for seamless interaction and real-time data management.
- **ToDo App** :A task management application that offers users an intuitive interface and secure task tracking. Built with **Flutter**, **Dart**, and **Firebase**, ensuring smooth operation and data security.
- **Bus Tracking App:** A real-time bus tracking application with a sleek user interface for easy navigation. Developed using **Flutter** and **Firebase** to ensure accurate tracking and smooth performance.
- **Barber Booking App:** A platform for booking appointments with barbers, featuring a responsive design and **Firebase** integration for backend operations. Designed to meet the specific needs of salons and their customers.
